Visy Logistics Monthly Fuel Levy Update - Linehaul

JUNE 2015

Dear valued customer,

Visy Logistics have reviewed the current Linehaul fuel levy applied to our customers, based on the average Terminal Gate Prices obtained via the AIP website - <http://www.aip.com.au/>

Using these calculations of average TGP (less GST) versus fuel usage, the Linehaul fuel levy effective 1st June 2015 will be: 8%

At all times Visy Logistics continue to help reduce your fuel costs and monitor these closely on a monthly basis to provide the best result possible.

Sincerely,

Gary Peatling
